Practical 10: Finishing Up

(Version 1.1)

1 Overview

There is no new practical for this week. Instead, use the time to work on Coursework 2. If you are done with Coursework 2, then use the time to catch up on unfinished bits of the previous practicals. (Remember that each practical has a bunch of optional bits at the end. Did you work through all of those?)

2 Version list

- Version 1.0, March 17th 2020.

- Version 1.1, February 9th 2021.
